The Simplex patented all-steel corner lock is so simple and plain in construction that it adds many times to the sanitary features over the old method of bed construction. The Simplex is an all-steel childless bed, very simple in design and very substantial. It is to be had in all of the approved plain and combination color finishes. The castors are ball-bearing with pressed steel wheels. The all-steel corner lock, however, is our strong claim for your consideration, for it makes a stronger, better, lighter and more sanitary bed. It is such a strong claim to superiority that we patented this device.
